

The DC Torque with its incredible flat black finish, machined accents, and tough satin clear coat really stands out from the crowd. Designed for newer trucks and SUVs that require higher offsets, additional brake caliper clearance, and the ability to use the factory Tire Pressure Monitoring Sensors (TPMS). This wheel is the perfect choice for the truck owner that wants to combine style with usability on or off-road.

Flat Back with Tough Satin Clear Coat
Machined Outer Lip for Rugged Look
Maximum Caliper Clearance
High Offset for Late Model Trucks & SUV's
TPMS Sensor Friendly
16"-22" Diameters
Center Cap Included
